<ul style="list-style-type: none"> <li>➤ More efficient invoicing, eradicating paper invoices forever!</li> <li>➤ Faster receipt of cash</li> <li>➤ Easier processing of receipts</li> <li>➤ Reduced customer service costs</li> </ul>	<ul style="list-style-type: none"> <li>➤ Reduces manual processes</li> <li>➤ Handles dispute resolution</li> <li>➤ Enhances Invoice to Cash</li> <li>➤ Re-capture lost discounts</li> <li>➤ Reduces Customer Service Cost</li> </ul>

What makes eBILIS® Global EIPP Solution unique?

✓ eBILIS® does not require Integration	✓ eBILIS® interfaces to existing applications and then Presents the Invoices
✓ eBILIS® is deployed in less than 1 week	✓ Gain immediate relief from pains of traditional invoicing and payment processes!
✓ eBILIS® presents invoices directly from biller data sources	✓ eBILIS® populates A/P directly from billers' invoice data sources
✓ eBILIS® will provide invoice data formatted to the payers' requirements; the biller does not have to do this.	✓ eBILIS® will provide detailed invoice remittance information to the billers; the payer does not have to do this.
✓ Provides A/P invoice reconciliation and approval processes	✓ Lengthy invoice processing cycles are eliminated
✓ Presents up-to-the-moment invoice information	✓ Provides Dynamic Discount Management
✓ The payer's bank account information is not disclosed to the biller.	✓ eBILIS® is based on CREDIT PUSH methodology; keep your bank account information internally

With minimal investment in start up costs, eBILIS® Global EIPP can:

✓ Provide real-time Dispute Resolution	✓ Provide detailed reports with Drill Down Capabilities
✓ Increase Cash Flow - customers pay on time	✓ Start EIPP immediately! Less than a week!
